

Directions to the Health Sciences Institutional Review Boards (HS-IRB) Main Office

From the Clinical Science Center (CSC)

The CSC is connected to the VA Hospital on the 2nd and 3rd floors of CSC. When you enter the VA Hospital from the 2nd floor of CSC you will be on the B2-level of the VA Hospital. When you enter the VA from the 3rd floor of the CSC you will be on the G-level of the VA Hospital. Take the first set of elevators to the 3rd floor and take the long hallway to the right when you get off. The IRB Main Office is on the right side, just before the double doors near the end (Room B-3088).

From other campus locations

The IRB offices are located in the VA Hospital, which is connected to the South end of the Clinical Sciences Center (a/k/a UW Hospital). The #80 bus stops on Highland Avenue near the entrance to the VA Hospital complex. Or, if you are driving, you may be able to park in hospital visitor lot while you are here—just mention that you are dropping something off and will only need to park for a few minutes.

Our offices are located in the B-wing on the 3rd floor of the VA Hospital. If you come in the middle entrance in the front of the VA you'll be near the central elevators, which is closer to our offices. If you use the main hospital entrance on the right, you will be at the opposite end of the building from where our offices are located—if you use this entrance, go left (past the 2 waiting areas) to get to the main hallway where the central elevators are located. Take the central elevators to 3rd floor and go to the right when you get off. The IRB Main Office (B-3088) is on the right side, just before the double doors near the end.
